

BG Platinum® 44K®

PN 208

BG Platinum® 44K® is 11 ounces of high-quality detergents that you pour right into the gas tank to restore performance and gas mileage. It vanquishes deposits in combustion chambers, intake manifolds, ports and on valves and restores flow in fuel injectors. Basically, it cleans the entire fuel system!

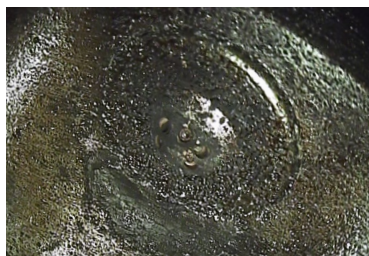

- ***Restores performance***
- ***Restores fuel efficiency***
- ***Increases power output***
- ***Reduces exhaust emissions***
